### *This Week in History:*

In 1969, astronaut Neil Armstrong became the first man to walk on the moon. The next day, he and his partner, "Buzz" Aldrin, blasted off the surface of the moon to return home.

In 2010, British Petroleum stopped the flow of oil into the Gulf of Mexico after 85 days using a 75-ton cap lowered onto the well earlier in the week.

## Six Objects of Kiwanis International were

approved by Kiwanis club delegates at the 1924 Convention in Denver, Colorado. They have remained unchanged. Despite numerous efforts to amend or to add to them.

To give primacy to the human and spiritual rather than to the material values of life.

To encourage the daily living of the Golden Rule in all human relationships.

To promote the adoption and the application of higher social, business, and professional standards.

To develop, by precept and example, a more intelligent, aggressive, and serviceable citizenship.

To provide, through Kiwanis clubs, a practical means to form enduring friendships, to render altruistic service, and to build better communities.

To cooperate in creating and maintaining that sound public opinion and high idealism which make possible the increase of righteousness, justice, patriotism, and goodwill.

### *Crayons and Coloring Books*

The stores are having "Back to School" sales. Don't forget to pick up crayons and coloring books all year for our ongoing project for the Children's Hospital. Every child that comes into the hospital receives their own crayons and books. So they need many. Bring those into the meetings or drop by Dennis' carport.

### **ELIMINATE** maternal/neonatal tetanus

Maternal/neonatal tetanus is caused by bacteria that gain entry into the body during the birthing process due to contaminated and unsafe birthing facilities and practices.

Everyone bring in your jars (no matter how full). Put your name on your jar so Dennis can get them back to the right member. Thanks.

### **TX-OK District Convention in Killeen, Texas August 8-12, 2012**
