THE FORMULA

Love It. Share It. Live It.

Love your club. Share it with others. Make your community better. **The Iplan**

What is a strategic plan?

Think of a strategic plan as an organization's road map: You can choose the roads you want to take, but the strategic plan ensures you reach your destination—your goals.

Kiwanis International's strategic plan, the Kiwanis I-Plan, is designed for each district and club to use as a guide to create their own plans and choose their own paths toward accomplishing common goals. The plan focuses on four goal areas—or priorities—that will help clubs, districts and our overall organization thrive for years to come as a positive force for good in the world.

Impact: Meaningful Service

Goal: To perform meaningful service, with service to children as our priority

Kiwanis is best expressed through meaningful service in communities around the world. When we work together and with other organizations to address important needs for children, we change lives, build stronger communities and even improve our own lives.

Strategies: Empower and support growth in our Service Leadership Programs

Align relevant service with community needs Encourage the development of a [signature service project](#) in each club

Encourage hands-on service projects
